

HAS 1ST CRASH IN 29 YEARS; IS FINED \$10

William G. Kahler, a bus driver from Sibley, Ill., had a 29-year accident-free record shattered here Tuesday afternoon when his bus and a car collided on the Mummasburg Rd. at the Reynolds Ave. intersection near the Peace Light Memorial.

The accident occurred at 3 p.m. and caused \$900 damage to Kahler's bus, but the 25 high school seniors he was hauling escaped injury.

State police from the Gettysburg substation investigated and charged Kahler with failing to yield the right of way. He paid a \$10 fine and the costs before Justice of the Peace John O. Whitman, Cumberland Twp.

Police said Kahler drove his bus across the Mummasburg Rd. and into the path of the north-bound car of Harvey M. Saunders, 490½ Lincolnway East, Chambersburg. Saunders also was unhurt but damage to his car was placed at \$50.

The bus passengers were from the Melvin Sibley school district and they were making a guided tour of the battlefield when the crash occurred.

WHEAT QUOTA VOTE WILL BE TAKEN JULY 25

As required by law, a wheat marketing quota referendum has been announced for July 25, Chairman Earl Groff of the Pennsylvania Agricultural Stabilization and Conservation Committee announced today.

Marketing quotas for the 1960 wheat crop have been proclaimed by the secretary of agriculture as required by legislation whenever the available supply of wheat is more than 20 per cent above the normal supply. However, quotas will not become effective unless they are approved by at least two-thirds of the producers voting in the referendum.

Apply In 39 States

If quotas are approved for the 1960 wheat crop, it will mark the seventh consecutive year they have been used for wheat. Wheat quotas and acreage allotments apply only in the 39 so-called "commercial" wheat states, of which Pennsylvania is one.

The present law, the chairman explained, states that to be eligible to vote in the referendum a grower must expect to have more than 15 acres of wheat for harvest in 1960. A wheat grower who signs an application under the feed wheat provision permitting him to produce up to 30 acres of wheat as feed on his farm will not be eligible to vote. Every wheat grower will be informed of the individual wheat allotment for his farm in advance of the referendum date.

Announce Locations Later

As usual, Chairman Groff says, the county agricultural stabilization and conservation committees will set up polling places throughout the county for the convenience of farmers in voting. Locations will be announced later by the county agricultural stabilization and conservation office.

If quotas are approved in the referendum, the present law provides that farmers who comply with their wheat acreage allotments will be eligible to market all their wheat without restriction. A grower who exceeds his allotment will be subject to marketing quota penalties on his excess wheat if he has more than 15 acres of wheat for harvest as grain. If quotas are not approved, there will be no restrictions on wheat marketings.

Senate Votes \$650,000 For Battlefields

The senate has passed by a vote of 82-0 the multi-million dollar Interior Department appropriation bill which carries \$650,000, previously eliminated by the House, for the purchase of lands in the Gettysburg and Manassas, Va., battle sites to protect the two Civil War shrines from unsightly encroachments by commercial interests.

The measure now goes to House-Senate conferees for "ironing out" of differences between the two versions.

Limit Use Of Money

In adding funds for the Gettysburg area, the Senate Appropriations Committee stipulated that none of the money be used for purchase of the Adams County Home land or for purchase of other lands of the area until the secretary of interior has certified to the congressional appropriations committee that protective zoning regulations have been enacted by local authorities.

Since the \$650,000 approved is slightly more than half of the original budget request of \$1,250,000, experienced Washington observers are optimistic in their views that the House conferees will "go along" with the upper chamber allowance.

YOUNG KILLER SPARED AGAIN

WASHINGTON (AP) — Justice Charles Evans Whittaker of the Supreme Court today granted a stay of execution to Charles Starkweather, 20-year-old mass killer from Nebraska.

Starkweather had been scheduled to die in the Nebraska electric chair on Friday morning.

Whittaker said that counsel for Starkweather would have until June 17 to file a petition with the full Supreme Court, asking a review of his case.

If a petition is filed, the stay will remain in effect until the full court acts finally on it.

Whittaker acted on a brief petition for a stay filed late Tuesday by two Washington attorneys.

New Red Move Looms Like Move To Cause Breakdown Of Conference In Geneva

By JOHN M. HIGHTOWER
GENEVA (AP)—The Soviet Union has proposed to the Western powers a one-year moratorium in the Berlin crisis—provided the West agrees to begin working out a German settlement on Soviet terms.

A U.S. spokesman said the proposal—which would put the West under a new deadline—was "totally unacceptable" and "must have been introduced by Soviet Foreign Minister Andrei Gromyko" in order to bring about the breakdown of the Big Four conference.

Andrew H. Berding, assistant secretary of state, making public the Soviet proposal which was advanced at a secret session Tuesday, reported the Western reaction today at a news conference.

No Point To Continue

Berding said that "obviously there is no point in going on with the conference on the basis of these proposals."

Gromyko, after his move at the secret session at the residence of U.S. Secretary of State Christian A. Herter Tuesday, got agreement to a formal Big Four session today. He served notice he would present the proposal there—meaning he would make it public.

Herter and British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville, asked for a written statement of the plan. Gromyko refused to provide it.

"Element Of Threat"

Berding said the proposal "reintroduces a time limit, one year, into the Berlin situation and also reintroduces the element of threat."

The Soviets originally had proposed on last Nov. 27, a six-month time limit which the West called an ultimatum.

Berding said the proposal as presented by Gromyko covered these general lines:

"The Soviet Union would accept the temporary maintenance of current conditions in Berlin."

L.R. HARTMAN QUILTS TRAVEL COUNCIL POST

The resignation of Lloyd R. Hartman, Liberty St., as treasurer of the Gettysburg Travel Council was accepted with regret at a meeting of the council Tuesday evening at the VFW home, E. Middle St.

Mr. Hartman said the pressure of other activities led to his decision to resign.

The council read a number of letters sent it by individuals supporting government purchase of land at Gettysburg and Walter B. Lane, president, said the writers had been urged to write their congressmen and senators urging passage of bills allocating federal funds for land purchase.

Scharf Tells Of '63 Plans

Henry M. Scharf told the group "the fight to secure additional purchase of land here is the most important single thing at the present time. We have received excellent support throughout the country in newspaper and magazine editorials and stories, and it is sincerely to be hoped that the Congress will see fit to provide funds for land purchase now."

Discussion was held on methods of procedure in the case of failure of Congress to supply sufficient funds for land purchase. Members held that a zoning ordinance, such as Congress has asked, "would be a temporary measure, because zoning changes with the years. The only permanent solution is purchase of the needed land and the turning of it over to the federal government."

Scharf also reported on preliminary plans for the 100th battle anniversary in 1963.

COURT OPINION AGAINST WITTS HANDED DOWN

A decision in favor of the defendants, the Steinwehr Development Corporation and Howard Johnson Motor Lodge, has been handed down by Judge W. C. Sheely in Common Pleas Court here ordering that the complaints of the plaintiffs, Paul G. and Jean E. Witts, be dismissed at the cost of the plaintiffs. The court also ordered that the default judgment against the Howard Johnson Motor Lodge be stricken off, the costs to be paid by the plaintiffs.

The Witts had alleged that the construction of the motel was a violation of the restrictive covenants by which the real estate of Steinwehr Development Corporation was bound. The court found that the evidence failed to disclose any restriction, expressed or implied. Neither had the Steinwehr Development Corporation represented that the lots in the entire area of Colt Park, and specifically east of Johns Ave., would be restricted.

The court also found that the tracts of land in Colt Park area were not sold pursuant to a general plan of residential community development, including the land east of Johns Avenue.

In relation to the action against the Howard Johnson Motor Lodge, the court dismissed the action because no judgment in default can be entered a fictitious name.

ERHARD HOLDS PRIVATE TALK WITH ADENAUER

By GEORGE BOULTWOOD
BONN, Germany (AP) — Economics Minister Ludwig Erhard and Chancellor Konrad Adenauer met privately for an hour and 45 minutes today in what looked like a showdown in their open quarrel about Adenauer's decision to remain chancellor.

Informants said Adenauer invited Erhard to the chancellery. Erhard had said Tuesday he was not taking any initiative about seeing the 83-year-old Adenauer.

What went on behind closed doors was not made public. Erhard did not talk to reporters.

The West German government's portly No. 2 man drove to the chancellery for the first meeting since Adenauer decided last week not to step into the nation's presidency.

Erhard Was Favorite
Erhard had been the favorite to take over the government. His decision to fight, on his return from a visit to Washington, confronted Adenauer with the sharp challenge to his political supremacy since he took office a decade ago.

The big question was whether Erhard could muster enough support in the ruling Christian Democratic party to force the Adenauer to loosen his iron grip.

As economic minister and the architect of West Germany's post-war recovery, Erhard is considered one of the party's biggest vote getters. But Adenauer was strong enough last week to win the reluctant consent of the party's parliamentary caucus to his change of plans.

Meets Other Leaders
Erhard conferred until early this morning with Heinrich Krone, Christian Democratic floor leader, Hermann Hoehner, the chief of the party's Bavarian branch, and Willi Rasner, party business manager.

Asked if he would resign as economic minister, Erhard replied, "That depends."

The 62-year-old economic minister, who is Adenauer's vice chancellor as well, also challenged published rumors that his chief thinks he is not equipped to head the country in this time of international crisis.

"I will under no circumstances," he told reporters, "tolerate the continued existence of the historical lie that I am less qualified than the chancellor to guide the German fate during this serious situation of our people."

Erhard made clear he would try to get the Christian Democrats to force Adenauer to reverse his decision. His alternative would be to try to form a coalition of his supporters and opposition Socialists to overthrow the chancellor on a parliamentary vote of no confidence.

USWU WOULD REVISE PLAN

NEW YORK (AP) — The United Steelworkers Union is seeking to resume company-by-company contract negotiations between committees next Tuesday.

This type of negotiation was abandoned a month ago. Since then, the talks have been conducted by four-man teams representing the union and the 12 largest companies in the industry.

Industry leaders reserved decision on whether to go along with the union's request for resumption of company-by-company bargaining.

Some sources believed the union's maneuver was made with the hope of finding one or more companies that would break away from the industry's solid front.

The companies have stood united in their demand for a one-year freeze on wages and other employment benefits, as a curb against inflation.

Union President David J. McDonald informed the industry negotiators Tuesday that the union wanted to resume negotiations on a company-by-company basis.

Baltimore Police Kill Large Bear

BALTIMORE (AP) — City police report they shot and killed a large, black bear in downtown Baltimore about 4:15 a.m. today.

Somewhat proudly, officers said they think it was the same elusive bear that gave Washington police so much trouble recently.

Two men spotted the animal late Tuesday night near a cemetery in the southwest section. Police were alerted. Some 100 officers joined in the hunt.

The bear wandered in and out of alleys, with dogs at its heels. The hunt ended about five hours later when police felled the animal with a high-powered rifle.

It took four policemen to load it into a wagon.

START TRIAL OF WHITES FOR NEGRO ATTACK

By HENDRIX CHANDLER
TALLAHASSEE, Fla. (AP) — Four white youths went on trial today in the rape of a teenage Negro college coed.

The four defendants, ranging in age from 16 to 23, looked on gravely and attentively as the preliminaries got under way.

Relatives of some of the boys also were in the court room.

More than 150 Negroes filled the segregated balcony. White spectators were barred for the time being so that prospective jurors could occupy seats on the first floor.

A veteran Florida jurist pledged that his court will function without regard to race, creed or color during the trial.

Same Treatment
Circuit Judge W. May Walker told newsmen the case was being treated no differently than any other.

There was an atmosphere of tension in Florida's capital city as the highly publicized case began. Walker said the case probably would be concluded by Saturday unless selection of a jury stretched out too long.

The four, if convicted without a recommendation of mercy, would get the death penalty. No white man ever has gone to the electric chair in Florida for raping a Negro.

The slow business of picking a jury was expected to take a day or more. Three women and several Negroes were in the panel of about 170 prospective jurors.

National Attention
National attention has been focused on the case, partly because it took place just a week after Mack Charles Parker, 23-year-old Negro accused of raping a white Mississippi woman, was hauled from a Poplarville, Miss., jail by a group of men. His body was found in a river 20 miles away. There have been no arrests in that case.

The four youths on trial were arrested within hours after the alleged rape of the 19-year-old Tallahassee girl on May 2. They were indicted by a specially summoned grand jury and have been held in the county jail without bond.

All Plead Innocent
The fact that no white man has ever been electrocuted in this state for raping a Negro led the Rev. A. Leon Lowry, president of the Florida A & M Conference of NAACP branches, to demand the elimination of what he called a "double system of justice."

All four youths pleaded innocent at their arraignment. Sheriff Bill Joyce said all had signed confessions.

The defendants are Willson Collinsworth, 23, a telephone lineman who is married and has two children; Patrick G. Scarborough, 20, an Air Force man; David Ervin Beagles, 18, a high school senior, and Ollie Stoutamire, 16.

They were charged with snatching the Florida A & M University girl from her escort following a school dance, and driving her to a lonely woods where they raped her repeatedly.

CLARK FIGHTS FUNDS WASTE

WASHINGTON (AP) — Sen. Joseph S. Clark (D-Pa.) said today a house ordered study of an alternative plan to check flood waters of the Allegheny River would be an unnecessary expense.

Urging that a Senate Appropriations Subcommittee recommend that the survey be rejected, Clark also proposed that the group support his request that five million dollars be appropriated for construction of the proposed Kinzua, Pa., flood control dam.

Clark, in a letter to Sen. Allen J. Ellender (D-La.), chairman of the subcommittee, said "fair consideration has now been given to all possible alternatives" for flood control in the area.

The House approved the study yesterday when it passed and sent to the Senate a \$1,177,000 money bill to finance development of federal water projects during the next 12 months.

The House Bill contained no new appropriation for continuation of the proposed 113 million dollar Kinzua Dam.

GIRL GRADUATE IS STRANGLED BY BOY FRIEND

AMHERST, Mass. (AP) — An 18-year old girl who was to be graduated from high school Friday was found dead of strangulation in her bedroom in North Amherst early today, and her 19-year-old boy friend was arrested on a murder charge.

Police Chief Francis E. Hart said the body of Joan Elizabeth Julian, who recently enlisted in the Marines, was found by her father. Hart took into custody Thomas J. Hannigan Jr., of South Amherst.

Chief Hart reported the youth said he was afraid of losing the girl.

Goes To Bedroom
The chief gave this account: Hannigan had entered the girl's bedroom through a window. They were there about two and a half hours when the youth suddenly strangled her.

Hannigan went to St. Brigid's rectory where he talked with a priest. The priest telephoned police.

Hannigan was arraigned on a murder charge. The court entered a plea of innocent and continued the case to Friday. Hannigan was held without bail.

The girl was the daughter of Mr. and Mrs. C. Nelson Julian. The parents were asleep in the house at the time.

Hannigan was graduated from high school last June.

DILLON GIVEN SENATE OKAY

WASHINGTON (AP) — C. Douglas Dillon had Senate approval today to step officially into the second ranking job in the State Department.

The Senate, by a voice vote Tuesday, confirmed President Eisenhower's nomination of Dillon as first undersecretary. A 95-minute attack by Sen. Russell B. Long (D-La.) and a defense by Sen. Prescott Bush (R-Conn.) preceded the confirmation.

Dillon will take over the post vacated by Christian A. Herter when he succeeded the late John Foster Dulles as secretary of state.

Long told the Senate that rejection of Dillon would help take away what he called control of foreign aid by "international Wall Street tycoons."

Long's attack on Dillon was described by Sen. Bush as offensive and inaccurate. He said it was "so full of damaging innuendoes and inaccuracies" that it scarcely merited a reply.

ASKS DOCTORS TO HELP FIGHT ON INFLATION

By FRANK CAREY

ATLANTIC CITY, N.J. (AP)—President Eisenhower has called upon organized doctors to help write a preventive prescription against inflation in the same way they guard the nation's physical health.

And one way, he told the 108th annual meeting of the American Medical Assn Tuesday night, is by charging reasonable fees for medical care. He made no accusation that doctors were charging unreasonable rates.

In his speech he hammered anew at what he termed the budget need for a balanced federal budget.

Can Do Great Service

"For those who will take the trouble to look, there is no difficulty in seeing the relationship between fiscal responsibility and a successful, meaningful life for all in a climate of freedom," he said.

"I am confident that you doctors as community leaders in great urban centers and in the villages and farm areas of America, can do much to promote greater understanding of the importance of this vital relationship.

"So I believe that, as you show us how better to preserve our own health, you can do a great service to yourselves, and to all of us, as you teach that the future of our republic and the free world depends upon our ability to maintain fiscal soundness in government, a robust economy, and a stable dollar."

Word Of Caution

He led up to this by saying that "the medical profession as much as any other, has a vital interest in preventing inflation."

"Certainly," the President said, "it wants to provide its services for a fee within range of what people can reasonably pay."

As though cautioning against any possibility of the government moving into the medical care field on a large scale Eisenhower said: "If the time ever comes when large numbers of our citizens turn primarily to the government for assistance in what ought to remain a private arrangement between doctor and patient, then we shall have suffered a great loss."

Heard By 5,000

"The cost of inflation is not paid in dollars alone, but in increasingly stagnated progress, lost opportunities, and eventually, if unchecked, in lost freedoms for the doctor and patient."

The chief executive trimly dressed in a summer formal suit—spoke to a capacity audience of more than 5,000 at Convention Hall.

She said that usual Sunday services have been conducted regularly, that the June birthday party will be given by the Ladies' Bible Class of Christ Lutheran Church June 17 and the July party by the Barclay Circle of the United Church of Christ July 21.

Gifts Announced

Mrs. Henderson also reported that Mrs. Lawrence Byers, New Oxford, sent a case of canned fruit to the home; Mrs. Peggy P. Hill, of the Red Cross, presented Memorial Day decorated candies; Mrs. Mervin Bream contributed materials for crafts projects; Mrs. Frank Thomas contributed a subscription to Abundant Life magazine and Mrs. Cora Berkey, Mrs. Milton Remmel, Miss Mae Noel and Mrs. Emory Zepp, of the WCTU, treated the guests to strawberries.

COURT OPINION

(Continued From Page 1)

to the action brought by Sharrer as the administrator of the estate of his wife. It was the feeling of the court that the defendants could not properly prepare for trial on the issue of damages without examining the records of the plaintiff's business. The court refused the defendants the right to examine Sharrer's customer list and cancelled checks.

In the action on his behalf, Sharrer alleges the value of his services to be \$900 per month and his loss from this source to be \$16,000. As administrator for the estate of his wife, Sharrer is claiming damages of \$25,000 in the wrongful death action above his out-of-pocket expenses and in the survival action he claims \$5,000 for her pain and suffering and \$50,000 for the economic value of her life.

In an action in trespass brought by Adam Micum against Olmer Spence, the court found in favor of the plaintiff ordering that Spence, his agents and employees be restrained from using the right of way over the land of the plaintiff and from trespassing on the land. The defendant was also ordered to pay the cost of the proceeding.

Micum, the owner of a tract of land in Hamiltonban Twp., had alleged that the defendant had trespassed on the land with machinery, removed no trespass signs, bulldozed logs and rocks, uprooted trees and removed rocks to make a roadway over the plaintiff's land. The defendant admitted the actions but claimed the right to do so on the ground that the roadway or right of way from the public road to the properties to the rear of the plaintiff's had existed since the early 1800's in the form of an easement or right of way and that there was no other ingress or egress.

The court ruled that the defendant had no right of way by prescription because the Act of April 25, 1850, ruled that to entitle the public to a right of way over enclosed woodland it must be shown that the same line of travel was constantly used by the public for 21 years prior to the Act. The court also ruled the defendant had no right of way by necessity nor had he proved any right to use the roadway over the plaintiff's land.

tain Western occupation rights in West Berlin for a one-year period.

Plan Includes Reds

"During this period an all-German committee of the (Communist) German Democratic Republic and the (West) German Federal Republic on a parity basis should work out the problem of reunification, agree on the principles of a peace treaty and facilitate the development and broadening of contracts, between the GDR and GFR."

Treaty Is Target

Gromyko, Berding said, declared the one-year time limit was necessary to prevent the West German government from delaying indefinitely the successful completion of a peace treaty.

Continuing his report on the Gromyko statement, Berding said:

"The Soviet Union would agree to a one-year recognition of certain occupation rights in West Berlin on the basis of the following conditions:

"1. The Western powers reduce the level of forces and armaments to a symbolic number.

"2. Hostile propaganda against the GDR and other Socialist (Communist) countries from the territory of West Berlin to be stopped."

Reds Fear Spies

"3. All organizations in West Berlin engaged in espionage and hostile activities against the German Democratic Republic and other Socialist countries to be liquidated.

"4. The Western powers to assume the obligation not to station atomic or rocket installations in West Berlin.

"If these conditions are accepted, the U.S.S.R. is ready to maintain communications between West Berlin and the outside world as now existing.

"This provisional status of West Berlin would be guaranteed first by the four powers on the basis of a protocol of guarantee submitted by the government of the GDR (East Germany) which has expressed in principle its willingness to respect the agreed provisional status of West Berlin.

"The Soviet Union is willing to make access commitments either in a general agreement concerning the provisional status of West Berlin or in a separate document as the Western powers desire. These documents would be registered with the United Nations.

Supervisory Commission

"If an understanding is reached to make West Berlin a free, demilitarized city in conformity with the Soviet proposals, access commitments would be maintained until the reunification of Germany.

"Finally, there should be the four-power supervisory commission to watch out for violations of the agreements and to take appropriate measures to insure the fulfillment of the agreements without, however, touching the sovereign rights of the German Democratic Republic."

Gromyko told the Western ministers that if they did not agree to his proposition the Soviet Union would not give its consent to continuing the present regime in West Berlin.

Also, Berding reported, Gromyko said that if the Western powers or West Germany hampered the achievement of a peace treaty within the time limit, the Soviet Union and other countries "would be compelled" to sign a peace treaty with East Germany.

SENATE GROUP DEFIES "IKE"

WASHINGTON (AP) — The Senate Foreign Relations Committee defied President Eisenhower today by approving a five-billion-dollar, five-year program of development loans abroad, to be financed by borrowing.

A 10-2 vote adopted the borrowing plan favored by Chairman J. William Fulbright (D-Ark.).

It was the first major vote by the committee on President Eisenhower's \$3,930,000,000 foreign aid bill.

Eisenhower had protested any financing of the foreign aid program that bypasses congressional appropriations committees.

Fulbright had backed loans at the rate of 1½ billion dollars a year but settled for one billion when sentiment in the committee leaned toward the lesser figure.

Court Is Empowered To Enforce Teamster Cleanup

PSU Graduate

Charles R. Koons was graduated Saturday from Pennsylvania State University with a B.S. degree in business administration, accounting and economics. He expects to enter George Washington University Law School, Washington, D. C., in the fall. He is the son of Mr. and Mrs. Ross Koons, York Springs.

SCHOLARSHIP GIVEN BY FHA

UNIVERSITY PARK, Pa. (AP)—A Washington county girl is the winner of a \$1,000 college scholarship awarded by the Pennsylvania Future Homemakers of America.

Frances Snyder, of Bentleyville, was given the award Tuesday night. The homemaking senior plans to use the scholarship next fall at Indiana State Teachers College.

The FHA elected Jacqueline Wilson, of Thomas Jefferson High School, Clairton, Allegheny County, president.

Others elected were: vice presidents, Diana Lent, Coudersport; Annette DeLeo, Falls-Overfield High School, Wyoming County, and Nancy Ellen Graybill, Manheim, Lancaster County; secretary, Sarah Beecher, Cressona, Schuylkill County, and treasurer, Jean Lewis, Scott High, Lackawanna County.

Essay contest winners included: Judy Snow, Kennerdell, Venango County, first; Gloria Fetter, Myerstown R. 2, Lebanon County, second, and Gladys Ruggles, Cherry Tree, Indiana County, honorable mention.

WASHINGTON (AP)—The U.S. Court of Appeals today armed U.S. Federal District Court with powers to enforce its cleanup orders on President James R. Hoffa and other officers of the Teamsters union.

In a unanimous decision, the appellate court said Dist. Judge F. Dickinson Letts was within his "rights in modifying a consent order which terminated litigation to bar Hoffa from taking office."

Under the order, Hoffa was allowed to take office but a three-member board of monitors was set up to watch over the union's affairs and make recommendations for restoring democracy to the union.

In its opinion today, the appellate court said the recommendations of the monitors are not self-enforcing, but that they may go to Judge Letts for orders putting them into effect.

If Hoffa and the other Teamsters officials fail to comply with recommendations, the appellate court said, the monitors may report this fact to Judge Letts.

"The court, after affording a hearing to the defendant, may take any action necessary within the scope of its decrees," Judge Charles Fahy said in an opinion concurred in by Judges Henry W. Edgerton and Wilbur K. Miller.

Take Punitive Action

In essence, this means that Judge Letts may take punitive action through contempt proceedings to force a cleanup in the union.

The appellate judges said they realized the desirability of an early transition from court supervision to normal organizational management.

But the district court is not required to step aside, they said, until conditions in the union advance to a point where there is reasonable assurance that new elections will be in accordance with membership rights under the union constitution.

The original litigation which led to appointment of the monitors was brought by a group of rank-and-file members who contended the election of Hoffa as president at the 1957 convention was rigged.

Hoffa once had plans to hold a new election this spring, which could have returned him to office and got rid of the monitors.

The plan for a spring convention and election was called off when Judge Letts ruled it could not be held until he and the monitors said so.

Judge Letts in February modified the original consent order in a move to bring about compliance with recommendations of the monitors.

Validity of the judge's action was the chief legal issue before the appellate court.

Today's Talk

LEARNING FROM OTHERS

We do not only learn from the good and inspiring. We learn from people who are opposite to this. People who do things wrong are often more helpful than those who do right. As examples they stand out more. They challenge us to prove our goodness. They have nothing to prove. It's all there, as though written in a book.

I quote that statement, attributed to the author of "Pilgrim's Progress," who, seeing a drunkard pass, said: "There, but for the grace of God, goes John Bunyan." The influence of a good person is a quiet affair. He may not say anything. His reputation goes on ahead, scattering seeds of kindness and thoughtfulness, no matter where he goes. We all can learn from those never met, as those who live in the books that they have written.

How I would like to have met Thoreau (he had but one extra chair in his self-made cabin at Walden's Pond) and sat and talked with him. It would have proved a visit never to have been forgotten, as would be the case, also, to have visited Whitman. I live in two worlds. One in books and one in the mind and heart of each one of my friends.

I have learned something from every worthwhile person I have ever met and talked with. Nothing is so binding as the love one has in a friend. I recently passed a restaurant on an auto trip and noted this sign: FOOD FUEL. It could be remembered, changed to FRIEND FUEL! We get "fuel" for thoughts from any friend whom we know and love.

Tomorrow Mr. Adams will talk on the subject: "It's a Good World."

Just Folks

The tramp along the roadside
Can relate a hard luck tale;
The poorest man among us
Can emit a doleful wail;
The crook that hears the prison door
Swing nightly in his cell
Can always tell a tale of woe,
And tell it mighty well.

For he who tells a hard luck tale,
And tells it every day,
In time believes his skies are doomed
Forever to be gray.
He shuts his eyes to what is fine
And sees only the grim;
There is no glory in the world
But what's a curse to him.

HIGH COURT CLARIFIES ITS RULINGS

By STANLEY MEISLER

WASHINGTON (AP)—The Supreme Court has clarified its controversial rulings on state sedition laws and congressional investigations, saying earlier decisions in these fields were misunderstood.

Splitting 5-4 in both cases, the court Monday said state sedition laws may be invoked to protect the state, and upheld the right of congressional committees to question educators as well as others about alleged Communist activity.

In making these rulings, the court affirmed contempt convictions against Dr. Willard Uphaus, director of the New Hampshire World Federation Center, and Lloyd Barenblatt, a former teacher at Vassar College and the University of Michigan.

Drew Criticism

Uphaus had been convicted under New Hampshire's sedition law for refusing to provide a membership list of the center to the state attorney general. Barenblatt had refused to tell the House Committee on Un-American Activities whether he had been a Communist party member.

Earlier decisions in the same fields had drawn severe criticism from some congressmen and from groups as the state attorneys general and the American Bar Assn.

FEELINGS ARE STRONG ABOUT ROAD RADAR

HARRISBURG (AP)—A simmering legislative controversy on whether to allow state police to use radar in prosecuting speeders is out in the open today.

Rep. Stephen McCann, Democratic floor leader, indicated that the feeling is so high that it has crossed party lines.

"I don't know what's going to happen when we put it to a final vote," he said.

Has Committee Okay

The House Motor Vehicles Committee approved the radar bill late Tuesday for floor action and McCann immediately scheduled a showdown vote on it for next week.

Rep. Albert W. Johnson, Republican floor leader, also conceded that his ranks were divided on the merits of the radar proposal. In 1957, it passed the House but was pigeonholed in the Senate.

The big difference this year is that both the Republican and Democratic party platforms for 1958 expressed support of the radar plan.

3 Companion Measures

The Motor Vehicles Committee also sent to the floor three companion measures proposed by Gov. Lawrence. They would:

Make chemical tests for drunken drivers mandatory.

Require reexamination of drivers every five years for renewal of operators' licenses.

Increase penalties for speeding violations by imposing a \$25 fine or up to five days in jail for the first offense, \$50 or five days for a second offense, \$100 and five days for succeeding offenses.

Impose minimum standards for brake linings on motor vehicles.

Tax Program

Other legislative developments: Taxes — The Senate Finance Committee approved for floor action a House-passed plan to give restaurant patrons a break on the 3½ per cent sales tax.

The Senate immediately set up a timetable designed to restore within 10 days a 50-cent exemption on the restaurant meals levy. The present 10-cent exemption has been in effect only since April 15.

Coal Research — The House passed legislation requiring the Highways Department to use coal experimentally as a road material base.

No appropriation is included in the measure which went back to the Senate for concurrence in amendments.

Billboards — The lower branch also approved amendments to a highway billboard control bill that would allow signs to be erected on busways premises along interstate highways.

The Commonwealth would qualify for up to 10 million dollars in federal road aid if an anti-billboard law is passed. A question remained as to whether federal regulations were satisfied by the bill as revised.

Constitutional Revision—A proposal to allow the governor to succeed himself in office was cleared

Moves were started in Congress to try curtailing the court's power. But, in its latest decisions, the court said that part of the earlier rulings had been misinterpreted.

Four Dissenters

Justices Clark, Frankfurter, Harlan, Whitaker and Stewart made up the majority in both decisions. Dissenting were Chief Justice Warren and Justices Douglas, Black and Brennan.

In the Uphaus case, Clark, speaking for the majority, said that its Nelson case did not "strip the states of the right to protect themselves." In that case the court had thrown out the conviction of Communist leader Steve Nelson under the Pennsylvania sedition act.

In the Barenblatt case, the court said that the House committee acted within the scope of its authority when it questioned Barenblatt about membership in the Communist party.

DEATHS

By THE ASSOCIATED PRESS

WASHINGTON (AP)—Victor A. Olsen, 65, chief of the administrative division of the Selective Service System, died Monday, apparently of a heart attack. Olsen, of Danville, Pa., had been with the Selective Service for many years.

BEVERLY, Mass. (AP)—Keith Merrill, 73, a veteran in the State Department's foreign service, died Monday. He joined the State Department in 1917 and was head of the department's Foreign Buildings Office in Washington when he retired in 1937.

Changes Committee. Gov. Lawrence would not be affected by the change should it ever become law.

House GOP Whip—Rep. Edwin W. Tompkins (R-Cameron) was elected House Republican whip in a bitter behind-the-scenes battle that saw six ballots taken.

The final vote was 48 for Tompkins and 47 for Rep. Edwin E. Lippincott (R-Delaware) to take the place of the late Rep. Allen M. Gibson (R-Warren).

Sunday Sales—House committee approval was given to a Senate-passed bill providing stronger penalties for Sunday sales. The legislation would boost the present \$4 fine under the present so-called Sunday Blue Laws to \$100 for the first offense and \$200 for subsequent offenses.

Radar — Chairman George N. Wade (R-Cumberland), an outspoken opponent of radar, called a meeting of his committee for June 16 to consider the controversial issue.

NEW TALENT FINDING FEW TV OPENINGS

NEW YORK (AP)—With the Voice of Firestone silenced, the last bastion of musical culture on television is the Ed Sullivan Show.

At least, Sullivan often hires opera stars and permits them to mix an aria into his weekly pot-pourri.

Demise of the popular musical show, which the networks felt wasn't popular enough, was loudly mourned by its fans. It was just one more blow absorbed by a minority of viewers who like their Beethoven neat and their classics pure.

"What we really need is creative people behind the scenes who are interested in doing something with the classics and with musicians," says Robert Merrill, the Metropolitan Opera baritone who is one of the few performers with opera-trained voices to benefit much from television.

Merrill is not only concerned about the dearth of classical music on television, but about the lack of opportunities for new talent to develop.

"It's hard to find a place for them to start," he says. "They can't do much with records any more—disc jockeys are stuck with plugging the top 40 records, and only kids are buying the records in quantity—which doesn't mean buying even the nice popular singers like Como and Tony Martin."

Have Something To Learn Merrill, however, thinks that many of the classical musicians have something to learn if they expect television doors to open.

Four In Family Killed In Crash

SAN JOSE, Calif. (AP)—San apparently blinded a young housewife whose small foreign sedan rammed the side of a school bus Monday, killing four persons.

Dead were the young woman, her two children, and her mother-in-law.

Highway Patrolman Leon Walters said the absence of skid marks indicated that Thelma Pauline Shirley, 22, didn't see the bus crossing an intersection near her home at San Martin, 20 miles south of here.

Other victims were her children, Ronald, 2 months; and Leona, 4; and Millie Shirley, 71, of Tranquility, Calif.

Another of Mrs. Shirley's children, Cathy, 2, suffered slight injuries. Three youngsters in the school bus were treated for minor cuts and bruises.

concert artists should stay off the spaghetti," he says. "They should be more concerned with their appearance. We are going into new eras of show business—with the result that we should be more conscious of our diction, our clothes, even our acting. The women singers can learn a lot from girls like Dinah Shore, and there are plenty of male performers we men can take tips from."

Most years, Merrill earns about 20 per cent of his annual income from television appearances. From now on this may be reduced. "Unless, of course, I can find somebody who wants to do a series called Hopalong Rigoletto," he added.

PILOT OF JET PLANE IS FINED FOR STEEP DIVE

NEW YORK (AP)—The pilot of the jet airplane that took a 30,000 foot dive toward the Atlantic last February has been fined \$1,000 by the Federal Aviation Agency for being out of the cockpit at the time.

Pan American World Airways, the owner of the plane, was also fined \$1,000 for failing to keep a flight-recording device in operation on the new 707 Boeing jet.

The copilot, who was at the controls when the plane suddenly dived from 35,000 feet, was notified of the government plans to suspend his captain's rating for six months. The reason for the suspension apparently was his failure to stop the dive immediately.

114 Persons Aboard
The jet, with 114 passengers, was flying from London to Gander, Nfld., Feb. 3, when it suddenly nosed down. The pilot, Capt. W.

Waldo Lynch, was in the passenger compartment. Because of the tremendous speed and angle of dive he had to fight his way back to the cockpit.

He and the copilot, Capt. S. T. Peters, leveled the plane with difficulty a mile in distance but only a few seconds in time from almost certain death in the ocean.

Lynch, a Pan-Am vice president for communications; and Peters, chief pilot of the Pacific-Alaska division, were among supervisory personnel flying jets during a jet boycott by union pilots in a wage dispute.

GENEVA (AP)—The Western powers maintained today that the Soviet Union still demands a built-in veto over the policing of any nuclear test ban.

U.S. Ambassador James J. Wadsworth and British Minister of State David Ormsby-Gore raised this point at an hour and 45-minute session of the Big Three nuclear conference.

The meeting failed to produce any clear narrowing of East-West differences, a Western source said.

Orioles Beat Cleveland And Go Into Tie For Top Spot In AL For 1st Time

By ED WILKS

Associated Press Sports Writer

The Orioles are tied for the American League lead!

Never since Baltimore returned to the majors in 1954, have the Birds been in first place after the first few days of a season.

They did it by belting Cleveland's suddenly dead Injuns 7-3 Tuesday night while Washington beat the Chicago White Sox 7-4. That left the White Sox and Orioles with 29-24 records and a 1½-game lead over third-place Cleveland in one of the closest AL pennant races ever.

AL pennant races ever. There's only a ½-game spread from top to bottom.

New York's defending champions finally reached .500 with a 9-8, 13-inning victory over Kansas City that hoisted the Yankees from sixth into a fourth place tie with Detroit, beaten 5-2 at Boston. Both are only 2½ games behind the leaders.

Kansas City, now sixth, trails by only three games. Seventh-place Washington is five games behind with Boston last, 5½ back.

The castoffs, players labeled expendable by other clubs, did the job as the Orioles handed the Indians their ninth defeat in 10 games. Gene Woodling, who even Manager Paul Richards once traded away, and Chico Carrasquel, peddled by the White Sox, Indians and A's, each belted two - run homers. And Billy Loes, once with the Dodgers and the guy Baltimore tried to dump this spring, saved it with another fine relief job. Ernie Johnson the right - hander Milwaukee didn't want, won it.

5th Win In Last 8

Loes, the right-hander whose trade to Washington was nixed by arm trouble, came on as the Birds' third pitcher Tuesday night with the bases loaded and none out in the seventh inning. He retired Woody Held on a pop up, then fanned George Strickland and Minnie Minoos, finishing with a hitless three-inning mop up.

Johnson (3-1), who gave up two hits and two walks, had relieved starter Billy O'Dell in the fifth. The Birds packed it away in the bottom of the fifth on a pair of walks and errors by loser Mudcat Grant (3-2) and Rocky Colavito that scored three runs.

It was the Orioles' fifth victory in their last eight games.

Rookie Bob Allison drove in three of Washington's first four runs with his 13th and 14th homers. Then the Senators won it with three in the eighth against losing reliever Turk Lown (3-2) on a single, an error, three walks, a hit batter and a balk.

The Red Sox slowed the fast-moving Tigers with five runs on six hits and an error in the first inning against Rookie Jerry Davis (2-2). Rookie Gerry Casale (4-4), whose two-run double capped the first inning, allowed only four hits, one Charlie Maxwell's two-run 12th homer in the fourth inning.

Hector Lopez, late of the A's, tripled and scored a tying run for the Yankees in the ninth, then singled home the clincher in the 13th against Tom Sturdivant (1-3), late of the Yankees. Jim Coates won his first in the majors as the Yankees' sixth hurler and 10th in the game. Norm Siebern and Mickey Mantle homered for the Yanks, who had 17 hits, but twice blew leads while getting their 10th victory in 12 games.

Actors In Gaudy Costumes Are Unmoved By Terrors Of Japanese Stage Tragedy

By NATE POLOWETZKY
TOKYO (AP) — "A joy party began."

That's what the English language synopsis of a play said—although up on stage the actors, in their gorgeous costumes, sat around showing as much agitation as a totem pole.

But the synopsis said it was a joy party, and the synopsis has become the foreigner's guide through the intricacies of the Japanese theater.

Has Different Uses

Sometimes the synopsis explains. Sometimes sheer poetry is the result, without much elucidation.

Take the play "The Mother of Shono Shigemoto."

It's about 78-year-old Kunitune and his wife, Kitano-kata who "was about 20 years old and was so famous with her extreme beauty."

During the "joy party" Kunitune becomes so drunk he gives Kitano-kata away to Shihel "top man of the Fujiwara."

Victim Of Loneliness

Says the synopsis "he was for a long time considering to make his wife free for the sake of her own happiness because he was too old for her. But now, after she was gone with someone else, he stood in desperate loneliness."

But not Shihel, who, according to the synopsis, "was so much pleased with Kitano-kata that he visited her room everyday."

Well, as it happens in Japanese plays everything becomes very confused at this point. The Fujiwara clan falls on bad days.

Family Collapses

Shihel dies—or as the synopsis says: "Fujiwara family collapsed after Shihel and many members died of ill or thunder (sic). Kunitune (who is about 90 at this point), who could never get his wife out of his memory, became insane. The young Shigemoto (their young son) was pitiful (sic). He could never see his mother again since Kitano-kata has also been confined herself in a small nunnery outside of the town after Shihel died."

The synopsis shows everything turns out fine in act 3.

May Allow Hunting On State Lands

HARRISBURG (AP) — Special hunting areas would be established in state game lands under a new House bill.

The measure was one of 10 changes in the game law proposed Tuesday. It would authorize the game commission to fix special regulations for hunting in the restricted areas and issue a special license for hunting privileges.

The House Game Committee, meanwhile, approved a bill authorizing members of the armed forces to obtain Pennsylvania hunting licenses without fulfilling residence requirement.

and John Gentzler, acting treasurer. The Brotherhood decided to paint the church grove buildings. The men will furnish the paint and do the work on Saturday, June 27, 1 p.m.

Lloyd E. Crouse, of town, showed colored slides of local interest. The program was arranged by W. E. Stites and George W. Strevig. Refreshments were served to the group by Dewey Baumgardner, Ernest Baumgardner and Clair A. Beamer.

PLEADS FOR ROAD SAFETY

HARRISBURG (AP) — Gov. Lawrence today asked his Traffic Safety Council to wage a "hard-hitting education program" aimed at eliminating highway deaths in Pennsylvania.

Lawrence made the request in a statement prepared for delivery by Revenue Secretary Charles M. Dougherty before the council's reorganization meeting here.

The governor said reckless drivers set bad example either 'out of contempt or ignorance of the law.'

"Since these traffic laws are made here in Harrisburg," he said, "it is the state government's responsibility to inform the motorist. This council is wonderfully with talent and experience to help us in this important task of education."

The council is composed of some 30 citizens and state officials organized to recommend means of improving traffic safety in Pennsylvania either through legislative or administrative action.

De Gaulle Pressures Allies For Equal French NATO Role

PARIS (AP) — France appears to be drawing steadily away from her chief partners in the Atlantic Alliance as President Charles de Gaulle puts on pressure to win his country an equal role with Britain and the United States.

Western diplomats are openly concerned over how far the stubborn French president will go.

De Gaulle has set a course aimed at restoring France to her lost international prestige and power. His strategy appears to be to cold shoulder various NATO projects until the United States and Britain openly recognize the "grandeur of France" which De Gaulle proclaims with religious fervor.

Unrealistic Stand

De Gaulle is asking to be accepted as a bargaining equal to President Eisenhower and British Prime Minister Harold Macmillan. His demand is viewed as somewhat unrealistic since France has no atomic bomb, only two under-strength divisions now under NATO and is threatened with internal dissension over Algeria.

De Gaulle wants the formula on how to put together an A-bomb.

He can't get it from the United States. Congress forbids that. Britain shows no inclination to give it to him.

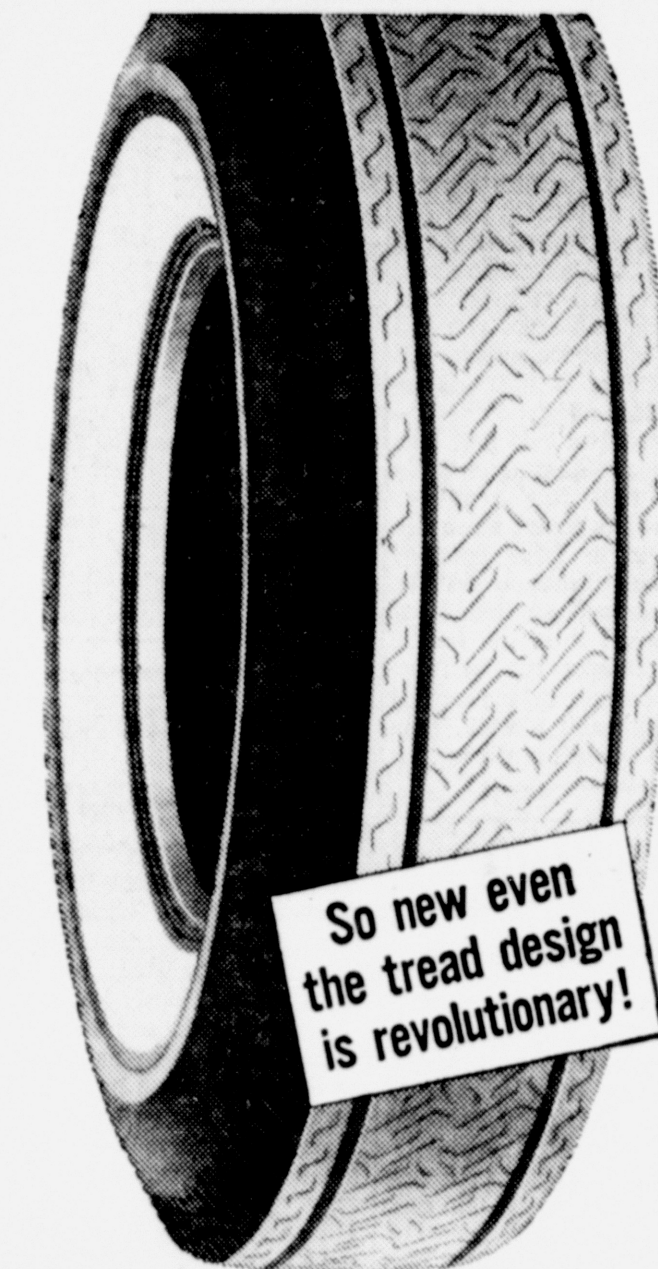

The French president wants to work out with Eisenhower and Macmillan a global policy including the Middle East, Asia and Africa. But both the United States and Britain have misgivings about France's refusal to promise Algeria independence. The United States doesn't want its Far East policy decided in Paris. Britain is jealous of her role as senior partner to the United States in NATO.

There has been no indication the United States or Britain will give in on any major points. Yet they don't know how to placate De Gaulle otherwise. Reprisals would only raise the ire of the stiff-backed president.

The latest development is the prospect the supreme Allied commander, Gen. Lauris Norstad will soon pull some 200 American fighter-bombers away from French bases.

Norstad says that since France won't admit U.S.-controlled atomic weapons for the planes, they must be based where they can keep their ammunition.

Illness Of Gov. Long May Mark End Of Dynasty Begun By "Kingfish" In 1928

Editor's Note: In 1928, a fiery country lawyer named Huey P. Long was elected governor of Louisiana and the state has felt the Long family's political influence ever since. But with the commitment of Gov. Earl Long, Huey's younger brother, to a Texas psychiatric clinic two weeks ago, there have been rumblings the Long dynasty was crumbling. AP writer Hugh A. Mulligan, an AP staffer at Louisiana's capitol for three years, returned to Baton Rouge to survey Louisiana's government under the Long influence. Today's story, the first of three, deals with the situation in the wake of Earl Long's commitment.

By HUGH A. MULLIGAN
AP Staff Writer

ATON ROUGE, La. (AP)—The long Long trail winding through Louisiana politics for 30 years has meandered tragically to the gates of a Galveston, Tex., mental clinic where Earl Long, Huey's younger brother, is confined after two shockingly profane speeches to the Legislature.

Will Earl be back? Is the Long dynasty dead?

These are the questions being asked openly and answered guardedly in the 34-story state capitol building that rises as a giant headstone over Huey P. Long's grave.

Hearing Next Week

A sanity hearing next week will provide some indication of the 63-year old governor's political future.

Since Earl's departure, no one has dared to pick up the Long mantle but some have tip-toed up to sniff at it.

Rumors persist that U.S. Sen. Russell Long, Huey's son who bears a striking physical resemblance to the late Kingfish, is maneuvering to take over the Long forces and run for governor.

THE BATTLEFIELD SWIMMING POOL

(Located 1 Mile South on Baltimore Pike)

is very pleased to announce that during the summer months Boy Scout Members of Post No. 73, Gettysburg, will have guards at the pool over weekends, and if possible during the weekdays, under the direct supervision of "Dick" Kershner.

We wish to add that they give all their time and efforts without financial return of any kind and do it as a community project. "Dick" has been exceptionally faithful to us in this endeavor the last few years and we appreciate his cooperation and efforts very much, and hope our patrons sincerely appreciate his efforts, also.

THE MANAGEMENT

THE BATTLEFIELD SWIMMING POOL

has been following the policy that, unless a child is a proven swimmer or is accompanied by a capable adult or parents, he is not admitted to the pool.

We wish to add, also, that in some cases, even with the parents' present, the parents are extremely careless of the whereabouts and safety of the child or children with them.

This carelessness concerns us very much, but is no direct responsibility of ours whatsoever.

IKE AND DICK RECOMMEND A SOUND DOLLAR

By JACK BELL

WASHINGTON (AP)—A sound dollar—with plenty of them available for GOP campaigners—is the prescription of President Eisenhower and Vice President Richard M. Nixon for a 1960 Republican victory.

In a turnout that astonished its Senate and House sponsors, Republicans overflowed two large banquet halls at a \$100-a-plate dinner Monday night to honor party members of Congress who survived last November's GOP debacle, and many who didn't.

What seemed of more practical importance than anything said by either Eisenhower or Nixon—or a long series of other GOP speakers, was the solid fact that the dinner racked up more than \$300,000 net for party purposes.

The two congressional campaign committees will split the amount, 60 per cent to the House group and 40 per cent to the Senate unit.

Eisenhower told the applauding

Republicans that he is not fighting to balance the budget just to claim that as an accomplishment.

This, he said, is no effort to pinch pennies.

"At this moment," the President continued, "We are engaged in a highly important battle for a sound dollar. This is a fight to promote an expanding economy and domestic prosperity. This is a fight to make sure that a dollar earned today will tomorrow buy for the housewife an equal amount of groceries."

To carry on this fight, he said, "we will need money." But he said money alone will not do the job. He contended that for Republicans "sound, stable, progressive government for this country is the greatest cause that we could possibly have today."

Flexing their muscles for the first time in the kind of a dinner the Democrats have made traditional, Republicans showed they have lost none of their enthusiasm for Eisenhower and can generate some of the same kind for Nixon.

Nixon was introduced by Rep. Richard M. Simpson of Pennsylvania, chairman of the House GOP campaign committee, as he who will succeed President Eisenhower in the White House.

The vice president told the diners that, to be frank about the whole thing, the Republicans can't win "without the sinews of war which money will provide." He said the Republicans must fight for "sound dollars, and plenty of them."

Money Not Enough

To carry on this fight, he said, "we will need money." But he said money alone will not do the job. He contended that for Republicans "sound, stable, progressive government for this country is the greatest cause that we could possibly have today."

TELLS REBELS IN NICARAGUA TO SURRENDER

MANAGUA, Nicaragua (AP)—Nicaragua's commander in chief has called on rebels against his family's government to surrender and claimed they had been knocked out in the rebellion's first major battle.

Gen. Anastasio Somoza, brother of President Luis Somoza, said the insurgents apparently ran out of ammunition in a bloody battle Monday which, he claimed, marked a decisive turn in the 11-

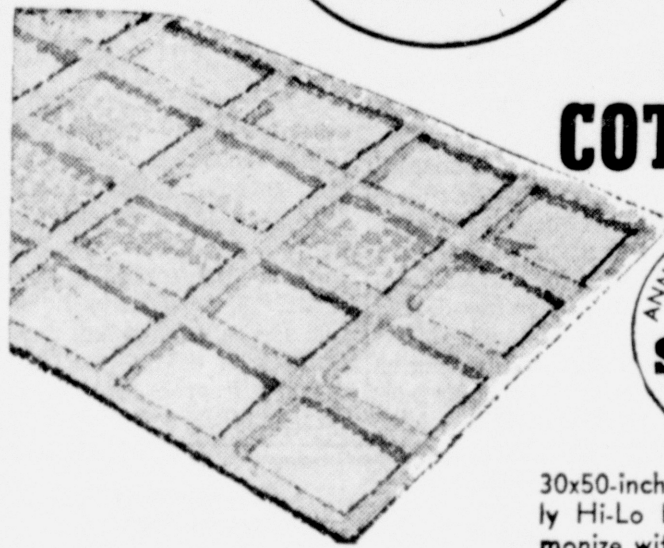

day revolt. A Nicaraguan rebel radio broadcast heard in neighboring Honduras still reported, however, that civil resistance to the Somoza regime was increasing.

Quits Washington Post
Agustin Torres Lazo, first secretary of the Nicaraguan Embassy in Washington, resigned Monday and aligned himself with the anti-Somoza faction led from Costa Rica by Dr. Enrique Lacayo Farfan.

Gen. Somoza gave no figures on casualties—either for the rebels or the National Guard—in the two-hour battle on a rain-drenched hill known as Cerro de la guna about 120 miles northeast of Managua.

SEEK \$450,000 IN POISONED FISH FRIGHT

PHILADELPHIA (AP) — Three New Jersey residents are seeking damages totaling \$450,000 in suits growing out of the poisoned fish scare during Holy Week last March.

Two suits filed Monday named as defendants Universal Seafood, Inc., Samuel J. Kravitz, trading as Waxman & Co., and Max Shapiro, trading as Kelly's Famous Oyster House. All are Philadelphia firms. The suits were filed in U. S. District Court.

Rita Di Paolo of Maple Shade, N. J., said in asking \$200,000 damages that she was hospitalized as a result of eating fish at the oyster house March 24. In the suit, she states it is her understanding that Shapiro received the flounder from Kravitz, who got it from Universal.

The suit charges the flounder was spoiled or contained sodium nitrite or some other ingredient possessing preservative character or action.

A second suit, on similar grounds, asks \$200,000 for Alma Christensen of Ashland, N. J., and \$50,000 for her husband, Otto, and names the same three firms as defendants.

Universal was indicted by a federal grand jury last month on charges of treating and distributing contaminated fish and offering it for sale.

The indictment stemmed from an investigation into the death of a three-year-old boy and numerous illnesses as a result of eating poisoned fish in the Philadelphia area last March.

JAKARTA (AP) — Communications Minister Sukardana Monday blamed sabotage for last month's train wreck which killed 92 persons and injured 124 in west Java. Sukardana told Parliament an unidentified person caused the crash by disconnecting the locomotive from the passenger coaches on an incline.

Continue Excise, Corporation Taxes

WASHINGTON (AP) — The House has voted again for continuing corporate and excise tax rates that were set during the Korean War as a temporary measure.

The one-year extension, passed by voice vote Monday, now goes to the Senate which is expected to pass it with little controversy.

It was the sixth time the House has voted for an extension since 1951, when the regular tax rates were increased.

Unless the bill is passed, corporate income tax rates automatically will drop from 52 per cent to 47 per cent on July 1 and excise tax rates will be reduced on cigarettes, whisky, beer, wine and new cars and parts.

The lower rates would yield about three billion dollars less a year.

SAYS CATHOLIC CAN BE ELECTED

NEW YORK (AP) — The Living Church, a leading Protestant Episcopal weekly, says there is no reason why a "good Roman Catholic" should be kept from seeking the presidency of the United States.

The lead editorial of the June 14 issue of the publication will say that "it could well be that the Roman Catholic Church may yet give America a president and a good one."

"It ill-behooves Episcopalians, whose brother churchmen have had the presidency so often, to speak against the right of any religious person to hold the presidency because he espouses the Catholic faith of Christ," the editorial said.

The editorial is one of many on the subject which have appeared in both church and lay publications since Sen. John F. Kennedy (D-Mass.), a Roman Catholic, became a possibility for the Democratic presidential nomination next year.

SNIPER KILLS MINE OWNER; 5 QUESTIONED

LAKE CITY, Tenn. (AP) — A sniper's bullet killed a coal mine owner Monday as he worked his machinery on a federal flood control project here in defiance of threats of sabotage or death.

Five persons were questioned at length in the slaying of Jess Fessler, 53, of Sunbright, Tenn., shot in the back as he stood beside his bulldozer on the project near the Lake City High School.

Anderson County Sheriff Glad Woodward questioned two of the men in Clinton, south of Lake City and Campbell County Sheriff Rose Kitts held three men for questioning in Jacksboro.

Three Killed in Kentucky Lake City is located on the Anderson-Campbell county line about 30 miles northwest of Knoxville. It is in the coalfield area extending through southeast Kentucky and northern Tennessee.

The area has seen numerous cases of violence since the United Mine Workers began a drive to bring all mines under union contract. Three persons have been killed in Kentucky.

Sheriff Woodward said, however, "We are positive this shooting is in no way concerned with union troubles."

Seeks Possible Motives The UMW welfare fund sued Fessler in 1957 for \$34,111. It claimed he owed for back contributions to the fund. He filed a crossbill contending he had signed the union contract under duress.

However, Woodward said he is probing mainly in other directions for possible motives. Among other things, the sheriff said, Fessler:

- 1. Was the complaining witness in an armed robbery case against Franklin D. Smith, which was to have been heard by the Campbell County grand jury next week.
- 2. Had been seen frequently with women other than his wife.

CHICAGO (AP) — Mrs. Jean Marianne McDonald Weissenberg, heiress to half of the 24 million dollar fortune of the late founder of Zenith Radio Corp., said Monday she will marry stock broker Herbert Just Jr.

The 22-year-old heiress said she and Just, 32, of suburban Mundelein, will be married Friday. It will be each's second marriage.

Mrs. Weissenberg was divorced May 8 from Guntram Weissenberg of Upper Darby, Pa., an Austrian-born architect. She has custody of their 19-month-old son for 10 months a year.

Mrs. Weissenberg and 17-year-old Eugene F. McDonald III share the estate of their father, Eugene F. McDonald Jr., Zenith president and founder who died last year.

Backs Baldwin For Governor In 1962

HARRISBURG (AP) — David R. Baldwin, 38-year-old budget secretary in the Lawrence administration, has been proposed by House Speaker H. G. Andrews (D-Cambria) as the Democratic candidate for governor in 1962.

Andrews told the television panel show Capitol Correspondents (WTPA) Monday night that Baldwin's grasp of state government "is remarkable and he is as well-informed on state government as any man on the hill."

Baldwin's name was the first mentioned as a possible candidate for the governorship by any prominent party leader. He joined the administration in January after working with the Pennsylvania Economy League in Uniontown and Pittsburgh.

BOARD HEARS PREP APPEAL

HARRISBURG (AP) — Victor Prep, Frackville cinder contractor, has asked the State Pardons Board to commute his two to four-year prison sentence on charges of cheating the state in cinder sales.

In an appeal reported by the board Monday, Prep asked to have his minimum sentence reduced because his imprisonment has "tortured" his family and caused his children to suffer "the tortures of the damned."

Board records showed that Prep started serving time in Dauphin County prison on July 7, 1958. He was convicted on charges of setting up a false weight scheme in which former highway department officials in three counties participated to defraud the commonwealth.

The charges were brought in York, Lancaster and Chester counties.

Prep filed the application under his legal name, Victor Patrikonis. The case will be heard at the board's July 1-2 session at Harrisburg.

HARRISBURG (AP) — A statewide system of community colleges would be established under legislation proposed by Gov. Lawrence.

NAME SIGNING DELAYS DINING

WASHINGTON (AP) — President Eisenhower and screen actor John Wayne were kept so busy giving autographs Monday night they scarcely had time to eat.

Eisenhower was the principal speaker at a \$100-a-plate Republican dinner and Wayne was the master of ceremonies. They sat together at the head table.

Both men still were on the first course when dozens of diners and some waitresses came from all parts of a big banquet hall to get the signatures of the President and Wayne. Mrs. Eisenhower, seated at Wayne's left, also signed her name many times.

The President, the First Lady and the Hollywood star smilingly stayed at it for about a half hour. Then Wayne stepped to a microphone and announced: "Ladies and gentlemen, we are going to have to ask you to stop asking for autographs here. I'm sorry." That ended it.

COMMITTEE OK'S STIFFER PENALTIES ON SUNDAY SALES

HARRISBURG (AP) — Stiffer penalties for doing business on Sunday have won preliminary approval in the House.

The Rules Committee sent the Senate-approved measure to the floor Tuesday for further consideration.

The proposal identifies items prohibited for sale by businesses open on Sundays. They include clothing, furniture, accessories, jewelry and toys.

Selling the items on Sunday would make the vendor liable to a fine of \$100 for the first offense and \$200 for subsequent offenses.

Under present law, adopted in the late 18th century, the fine is \$4.

Other bills approved in House committees Tuesday would:

Give mine inspectors the right to authorize use of automatic machinery in bituminous mines and require two men to operate the machinery.

Make Monday the legal day of observance for Lincoln's Birthday, Washington's Birthday, Memorial Day, Flag Day, Columbus Day and Veterans' Day.

Require the examination of all anthracite collieries every two months.

HARRISBURG (AP) — School bus drivers would be required to stop on the shoulder instead of the traveled portion of a highway under a bill introduced in the House Tuesday.

Reps. George W. Heffner, William K. Knecht and John Oris, Republicans, and John J. McDonald, Democrat, all of Schuylkill County, sponsored the measure.

It allows exceptions where there is no shoulder or where use of the shoulder would be impractical.

2 MEN DROWN IN 25-FOOT DEEP MANHOLE

LOWER BURRELL, Pa. (AP)— "Hurry up. Two of your men are drowning!" shouted William Singleton shortly after peering into a 25-foot deep sewage manhole in this Westmoreland County community.

His cry sent construction foreman Melvin Warfield, 21, of Wayne, Mich., scurrying into the manhole Tuesday in a vain attempt to rescue his fellow workers.

Warfield, Martin Falcon, 23, and Thomas Timura, both of New Kensington, drowned in eight feet of water at the bottom of the pit.

Only Witness

Singleton, the only witness to the tragedy, was working at a nearby country club when Falcon stepped down a ladder into the manhole, lost his grip, then plunged to the bottom of the pit. Timura went to his aid.

"I walked over to the sewer and when I looked down I saw two men at the bottom struggling," said Singleton, a handyman. "They were hollering and yelling for help."

Dazed And Panicked

Singleton said he pleaded with Warfield not to enter the manhole until he got a rope from his truck parked nearby. But when he returned Warfield was gone.

"When I looked down into the hole," said Singleton, "the other two men were struggling with him."

Manslaughter Is Charged In Crash

HOLLIDAYSBURG, Pa. (AP) — Theodore McMaster, 35, of Duncansville R. 1, has been charged with involuntary manslaughter and drunken driving in the highway deaths of six members of a Williamsburg family.

State police filed the charges Tuesday. They said McMaster's pickup truck rammed the rear of an auto and shoved it into the path of a cement-laden truck Monday night. Killed in the car were Mr. and Mrs. Wilmer E. Hinrichs and four of their five children.

McMaster is being held in Blair County Jail here.

Enrollments in the first two years of college are expected to increase by 44 per cent by 1966 and by 66 per cent by 1976, estimates the Population Research Report.

all of them trying to get out."

He threw the rope into the hole, but no one grabbed it.

James Barnes, project superintendent, said the men apparently were dazed by fumes and then panicked.

Seek Descendants Of Civil War Who Won Coveted CMH

WASHINGTON, D. C. — A nationwide search for descendants of the Civil War soldiers who won the first Congressional Medal of Honor presented by the United States has been launched here by the District of Columbia Civil War Centennial Commission.

Paul J. Sedgwick, chairman, said the matter of locating the medals will be the first step in a plan to bring proper recognition to the memory of these heroes who originally earned the nation's highest award for valor. This will be done with fitting ceremony on the date in 1962 marking the centennial of Congress' action in instituting the medal.

Commenting on the plan, Karl S. Betts, executive director of the National Civil War Centennial Commission, said he hoped it would receive the cooperation of everyone.

Set Example For Heroism

"It's the least we can do in tribute to these men who set an example of American heroism," he added. "Though it has been initiated by the District of Columbia Commission, I do not look upon this move as any more Northern than Southern. I'm sure many of the medals will be found in the South, and I believe most everyone will agree with me that so many generations have passed since they first were awarded that the blood of the recipients is almost as deeply rooted in Southern people as in those of other sections. We shall not be honoring heroes of the North or of the South, but of America."

At the time of the commemorative ceremony, descendants will be invited here to participate in a special program to be held at the Washington Cathedral, recognized throughout the nation for its many symbols of heroic deeds by Americans. The program will be highlighted by an appropriate address by an outstanding orator.

In connection with the ceremony, the Navy Department, Sedgwick reported, already has indicated its willingness to have vessels strew flowers on the Potomac River below Washington in memory of the heroes.

Sedgwick said his plea for information concerning the whereabouts of the medals and the deeds for which they were awarded is addressed to the public at large.

HOUSE HONORS HARVEY HADDIX

HARRISBURG (AP) — Pittsburgh Pirates pitcher Harvey Haddix was commended by the General Assembly Tuesday for his famous feat of pitching 12 perfect innings against the Milwaukee Braves on May 26.

The House brought out a resolution which was sidetracked to the Rules Committee last week when Speaker H. G. Andrews refused to consider the proposal immediately. Andrews said he was tired of resolutions honoring people for all sorts of accomplishments.

The committee approved the resolution and sent it to the floor where it was adopted without comment.

Meantime, the Senate introduced a similar resolution and gave it immediate consideration and approval. Sen. Albert R. Pechan (R-Armstrong), the sponsor, conceded that it was a little late but commented that since he House had failed to pass one last week it was time somebody in the Legislature did something to honor Haddix.

TOKYO (AP) — The U.S. government has signed contracts with Japan's Toyota Motor Co. to buy \$42,228,139 worth of trucks and spare parts for non-Communist nations of Asia.

Hart-Logart Bout In Chicago Tonight

CHICAGO (AP) — Garnet (Sugar) Hart, who has kayeod 21 opponents in 32 bouts, takes on veteran Isaac Logart of Cuba tonight in a Chicago Stadium 10-round welterweight bout.

Hart, 23, the No. 1 contender for Don Jordan's title, has a 27-3 record. The Philadelphia is an 8-5 favorite over Logart.

Logart, 26, will be making his 75th professional start. He has a 55-12-7 record which also includes 21 knockouts.

The bout will be televised nationally by ABC-TV beginning at 9 p.m. EST.

PATTERSON IS UNIMPRESSED BY JOHANSSON

CHATHAM, N.J. (AP) — Reports that Ingemar Johansson appears to be strictly a right-hand puncher, make no impression at all on the heavyweights champion Floyd Patterson.

As far as Patterson is concerned, the unbeaten Swede could very well be a terror with his right and a killer with his left.

"I've heard talk that his power is supposed to be only with his right hand," said Patterson at his training camp today. "But I'm not going to pay any attention to that. I never do."

Kayoed Machen "I haven't seen him fight since we were in the Olympics at Helsinki in '52. I saw just a bit of the movie of his fight with Eddie Machen on TV Sunday night. He looked like he could punch real hard with his right."

It was the right that sent Machen thumping to the floor when Johansson knocked out the Californian in the first round at Göteborg, Sweden, last Sept. 14.

"Don't think for a minute I'm just going to watch his right," continued Floyd. "You do something like that and the next thing you know you could get caught by a left hook. My idea is not to get caught by anything. I'd rather do the hitting."

Prepared For Anything "So I'll be prepared for anything from Johansson. He's the No. 1 contender. He's undefeated. He has 13 knockouts in 21 fights. He must be good. I'll have to be better."

Patterson resumed boxing after a one-day layoff because of the official signing for the fight at the New York Athletic Commission offices Tuesday. The fight is scheduled for June 25 at Yankee Stadium.

PALERMO, Sicily (AP) — The Nicaragua's defense chief claims the rifleman who fired shots near the presidential palace Saturday night were "just a bunch of drunks celebrating."

Gen. Anastasio Somoza, younger brother of resident Luis Somoza, said the four or five shooters had not tried to assassinate his brother and had not committed "an act of aggression against the palace."

Gen. Somoza also claimed the rebels who invaded Nicaragua a week ago from Costa Rica by plane were divided into two small groups and were abandoning their arms and uniforms in an attempt to slip unnoticed into various cities.

GRAYS ON MOVE AS WILD PITCH UPSETS CARDS

By THE ASSOCIATED PRESS The Williamsport Grays daily are sharpening their cutting knives to slice off first place in the Eastern League.

The Grays defeated a second place Allentown 1-0 Monday night to increase their lead to 2 1/2 games. It was their second straight victory over the Red Sox.

A crowd of 1,233 witnessed a brilliant mound duel between John Dewald of Williamsport and Ron Cote of Allentown. Dewald (4-0) allowed only four hits. Cote gave up three hits but a wild pitch was his downfall.

Wild Pitch Helps Tony Curry led off the first inning with a single and moved to third on two infield outs. Curry scored the winning run on Cote's wild pitch.

Springfield defeated York 9-2, Binghamton edged Lancaster 6-5 and Reading squeezed by Albany 8-7.

Springfield righthander Jim Myers (6-4) gave up a two-out single in the first, then retired 22 men in order until Tom Schwaner's lead off single in the ninth when York scored its two runs.

Eighth Inning Rally Myers limited York to four hits. Loser George Doyle (0-4) was bombarded for 15 hits, 7 of them in the eighth when Springfield scored seven runs. Larry Stubing sparked the Springfield attack with three hits in five trips, including a double and triple. He drove in two runs and scored one.

Binghamton rallied for three runs in the eighth inning to overcome a two-run Lancaster lead. All of Lancaster's runs were unearned.

Trailing 5-3, the Triplets opened the eighth with Tony Asaro's long drive to left that Jesse Rogers muffed for a two-base error. Leroy Thomas followed with his 12th homer of the year to tie the score, routing starter Cliff Anderson. Loser Fred Burdette (3-5) relieved and promptly was greeted with a single by Jack Davis and a game winning triple by Fred Carpenter. Jim Dunn (2-4) was the winner in relief.

A two-run rally by Reading in the sixth inning provided the Indians' winning margin. Lou Holder tripled and Dave Mann walked. Bob Pedigree singled, scoring Holder and sending Mann to third. Mann came across with the winning run on a sacrifice fly. Ron Taylor (4-2) was the winner. John Wyatt (1-6) was charged with the loss.

LONDON (AP) — France's reported decision to bar U.S. stockpiles of atomic bombs from French soil created a storm Tuesday in the Atlantic Congress, approaching the climax of its six-day London meeting.

Reaction inside delegations to the congress was split. The Atlantic Congress is an unofficial assembly of some 650 leading citizens from the North Atlantic Alliance countries.

Sen. Estes Kefauver (D-Tenn), a member of the 130-member U.S. delegation, said the French decision called for delicate negotiations with the British and the French.

HARRIS BEATS POWELL INTEN

HOUSTON, Tex. (AP) — Roy Harris returned to Army duty today after using a fancy left to bolster his heavyweight comeback.

The Cut and Shoot, Tex., schoolteacher cut loose with a barrage of left jabs and hooks Tuesday night to take a surprisingly easy unanimous 10-round decision over Charley Powell, the former pro football player from San Diego.

A crowd of nearly 6,000 paid \$29,553 to see Harris score his fourth straight victory since losing to Champion Floyd Patterson in a title match last August in Los Angeles.

Powell's First Loss The defeat was the first for Powell since he quit the San Francisco 49ers for a heavyweight career.

Harris won every round except the fourth. He split that one with the big California Negro whose title match hopes had boomed since an impressive March victory over Nino Valdes, the No. 2 contender.

Powell apologized for not looking better but said he injured his right hand in the second round. "If Roy had been that sharp against Patterson he would have won the title," said Lou Viscusi, manager of the Texan.

7 ENTERED IN BELMONT RACE

By THE ASSOCIATED PRESS Seven horses are likely to prance to the starting gate Saturday in the Belmont Stakes, last bauble of racing's triple crown.

Latest probable starters in the \$125,000-added mile-and-a-half gallop are Claiborne Farm's Dunce and P. H. Frelinghuysen's Lake Erie.

Dunce has been coming on strong since he ran out of the money in the Kentucky Derby, won by Tom Lee. The 3-year-old son of Tom Fool-Ghazni bounced back to finish fourth in the Preakness — second of the triple crown events — and Tuesday impressed his owners with a 2 1/2-length triumph in the High Gun Purse at Belmont Park.

JURY STUDIES CRASH AWARDS

LOS ANGELES (AP) — A federal jury today will determine the damages to be awarded three plaintiffs in a 10-million-dollar suit stemming from the 1956 Grand Canyon air crash.

The jury held that both United Air Lines and Trans World Airline are legally responsible in the crash, which claimed 128 lives.

The suit was brought by relatives of three persons aboard the UAL flight. Two of the victims were attorneys for Ford Motor Co. — Theodore M. Kubiniez and Donald F. Kehl. The third was Carl J. Snyder, a vice president of Chrysler Motors Co.

The largest claim was filed for Mrs. Snyder, who asked \$5,250,000.

Eight other suits are pending in federal court. A similar suit last November resulted in an average award of \$75,000 for each death.

RICHARDS SAYS LOES IS ARTIST AFTER FRACAS

BALTIMORE (AP) — Now the unpredictable Billy Loes of the Baltimore Orioles has been tagged an "artist."

At least that's how Manager Paul Richards described the right-handed pitcher after his fine relief job Tuesday night against Cleveland.

Baltimore's 7-3 win over the Indians, coupled with Washington's 7-4 victory over Chicago, put the Orioles in a first-place tie with the White Sox.

"All great artists have their eccentricities," said Richards. "Some throw their paint brushes and easel, some push a photographer's cap down over his face. But make no mistake about it, they're both artists nonetheless."

Loes came on to relieve Ernie Johnson with the bases loaded and none out in the seventh inning. He got Woody Held on an infield pop, then fanned George Strickland and Minnie Minoso to end the inning without a run.

As Loes headed for the Oriole bench, he saw a camera being pointed in his direction. Loes merely reached out with his glove and pushed the photographer's cap down over his face and continued to the bench.

Hasty Action Foils Gas Station Thieves

OKLAHOMA CITY (AP) — A holdup man told service station operator Roy Sewell Monday night to "put 'em up." Sewell's hands shot into the air.

So did a roll of bills he was holding.

The bandit and a companion looked for the wad of bills. They couldn't find it and fled.

Sewell, 31, had no better luck. He called police who found the money had dropped through a small crevice in the concrete block wall.

Sewell said he will have to spend \$150 to tear into the wall to get the money. But he'll do it. There was \$750 in the roll.

BERLIN (AP) — Communist East Germany's top leaders flew to Moscow Monday for talks that could send repercussions echoing back to the foreign ministers' conference in Geneva.

The delegation was headed by Walter Ulbricht, Communist party chief, and Premier Otto Grotewohl.

No official reason has been given for the visit to Moscow, but Western observers were certain that the journey was related to the Geneva talks. Some observers expressed belief the Kremlin might use the occasion for propaganda alarms about the possibility of a separate peace treaty with East Germany.

CHICAGO (AP) — Charles Pegues came home from work late Monday night to an empty apartment. Thieves had stripped his 3 1/2-room apartment of everything except a living room sofa.

A neighbor told police she saw

IKE RESOLVES WEAPONS FUSS AFTER PARLEY

WASHINGTON (AP) — Defense officials have taken to President Eisenhower a dispute over missiles for air defense, but what decisions were reached, if any, remain secret.

Neither the White House nor participants in Tuesday's meeting would discuss results of the secret session, beyond saying it included talk of a proposed master plan which Secretary of Defense Neil H. McElroy had been directed to prepare.

At stake is a question about the kind of defense weapon the United States needs. Should it concentrate on the Army's Nike-Hercules or the Air Force's Bomarc or both for defense against enemy bombers.

Advance guesses had been that both the 85-mile Nike-Hercules and the longer range Bomarc would be chosen for specific task.

Sen. Richard B. Russell (D-Ga) in an interview today, expressed hope that the meeting had resulted in a decision that would resolve the dispute among the Army, Air Force and Navy about the anti-aircraft weapons.

"They didn't really take everything," he said, as he stretched out on the couch. "They left three pairs of shoes."

NEFF IS FIRED BY BATT FROM STATE POSITION

HARRISBURG (AP) — Samuel G. Neff, fired from his \$12,500-a-year post as manager of the State Workmen's Insurance Fund because of alleged highway department irregularities in Beaver County, claims he was "tried and convicted in the newspapers."

Neff, long-time political leader and former Beaver County Democratic chairman, spoke out after learning of his dismissal Tuesday by William L. Batt Jr., labor and industry secretary. He promised comment on Batt's action today.

The dismissal followed accusations in a report by Republican Aud. Gen. Charles C. Smith that Neff forced political contributions from contractors who leased highway equipment in the county.

Neff said Smith "is wrong in his accusations."

"No Reflections" Batt told Neff in a letter that he was being dismissed immediately because the charges "reflect derogatorily upon your ability to continue in public office."

But Batt emphasized that the dismissal was in no way a reflection on Neff's performance as head of the insurance fund.

Meantime, Beaver County Dist. Atty. Richard P. Steward said he wanted to study Smith's report thoroughly before deciding whether to file formal charges against Neff.

To Decide About Yoho Steward said he would make the study "as soon as possible."

Batt said he would decide later on whether to retain Robert Yoho, a Neff aide, on the insurance fund payroll. Yoho served as assistant Beaver County highways superintendent for part of the period covered by Smith's report.

Smith had asked Gov. Lawrence to suspend both Neff and Yoho.

The secretary's announcement came after he conferred with Lawrence, Atty. Gen. Anne X. Alpern and Highways Secretary Park Martin.

No Formal Action Yet Miss Alpern said she would take no formal action against Neff pending "a further check and analysis" of Smith's report.

She said the auditor general's findings would be compared with reports from an investigation by her department of Beaver County Highways Department operations.

This investigation is incomplete. "We will try to bring the matter to as quick a climax as possible," she said.

\$55,000 Involved Smith's report also alleged that the state lost some \$55,000 in "overpayments" to contractors

Flood Control Bill Has Committee OK

HARRISBURG (AP) — A proposed interstate flood control system for the Brandywine Valley in southeastern Pennsylvania was approved by the House State Government Committee Tuesday.

It would authorize construction of a series of multi-purpose dams and reservoirs along the Brandywine Creek and its tributaries in cooperation with the state of Delaware.

The measure authorizes diversion of up to six million gallons daily for use by the Borough of West Chester. It also proposes development of one or more state parks at the dam sites.

The bill now will go before the full House for further action.

STUDY CHANGE OF PATIENTS FROM HOSPITAL

HARRISBURG (AP) — Sen. Douglas H. Elliott (R-Franklin) said today he wants the Public Welfare Department to show him how a proposed transfer of patients will save money.

"A great many people in Franklin County are opposed to the transfer," Elliott declared.

The proposed transfer, mentioned earlier in the hearings by department witnesses would move mentally retarded children from the Pennhurst addition of the Samuel G. Dixon Hospital at Mont Alto, Franklin County, to the Charles H. Miner Hospital at Hamburg, Berks County.

Would Move Patients Tuberculosis patients at Ham-

leaving highway equipment in Beaver County.

Miss Alpern said the state would take action to recover the money "if we find that overpayments were made."

In his formal letter to Neff, Batt said:

"I have reviewed these allegations searching and I have discussed them with you and with others, including the attorney general and the secretary of highways."

Reflect On Ability "I have examined data developed by investigators of the Department of Justice, the Department of Highways, and the auditor general."

"Although the charges contained in these various reports do not pertain to any actions on your part in your capacity as manager of the State Workmen's Insurance Fund, they do, in my opinion, reflect derogatorily upon your ability to continue in public office."

burg would be moved into the Pennhurst addition under the proposal.

The department said the move would save money by gaining additional beds for mentally retarded children without the expense of construction.

Elliott said he asked to appear before the five-member Senate committee which is investigating the department to learn details of the proposed move.

Worked With Children He said a number of individuals and groups in Franklin County have been working with mentally retarded children and have developed a sincere interest in them.

Chairman Albert R. Pechan (R-Armstrong) said the committee also was interested in finding out if the move meant any real saving.

"I think it's wasting a lot of money," Pechan said. "It isn't an economy move, they want more money."

The committee also was scheduled to hear more testimony on the proposed transfer of the State Training School for Boys at Morgantown to the Bureau of Corrections and on the problem of illegitimacy.

Pechan said Arthur T. Prasse, state correction commissioner, and Victor Blanc, Philadelphia district attorney, would testify.

BANQUET HELD BY ALUMNI AT TANEYTOWN

More than 200 persons attended the Taneytown High School Alumni Association banquet Saturday evening in the high school. A fried chicken dinner was served by the Ladies Auxiliary of the Taneytown Volunteer Fire Co.

The auditorium was decorated with a false ceiling of crepe paper, Japanese lanterns and a wishing well with a fountain spouting water amidst a setting of flowers and ferns. An attractive patio was featured at the entrance. The work was done by the Class of '59 which had charge of the decorations.

James Fair, chairman of the board of directors, was toastmaster and introduced the guests those introduced were Frank Wargny, principal of Taneytown Elementary school, and Mrs. Wargny, and George Herring, principal of Taneytown High School, and Mrs. Herring.

Herring Honored Tribute was paid to Herring for the "extremely fine job done" this past year. The announcement was made that Herring had accepted the position as assistant managing editor of the bureau of publications at Columbia University and will soon move to New York.

He spoke briefly on some of the accomplishments made this past year and challenged the alumni and community as a whole to see to it that education is continually improved in Taneytown and in Carroll County.

The roll call of classes showed only three classes not represented. Class of '59 members, who were guests of honor, were introduced. Either the president or a spokesman for each reunion class introduced the members present in those classes. The classes of 1929, '39, '49, and '54 had reserved tables and shared a part on the program.

Following the program, there was dancing to the music of Bob Kersey's Orchestra.

The officers and board of directors are: James Fair, chairman; Jo Ann Dougherty, secretary; Donald Lawyer, treasurer; Mary Clingan, historian; Murray Baumgardner, Pearl Bollinger, Barbara Clingan, Kenneth Crouse, Audrey Fair, John Harner, Virginia Sanders and Leonard Wantz, Jr.

Ben Hogan has won Colonial's Invitation golf tournament four times.
